

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2002-06A
ANIMAL ADOPTION

MAY 7, 2002

In accordance with Government Code Section (GC §) 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state mandated cost programs. The following are claiming instructions and forms that eligible claimants will use for the filing of claims for the Animal Adoption (AA) program. These claiming instructions are issued subsequent to adoption of the program's parameters and guidelines (P's & G's) by the Commission on State Mandates (COSM).

The test claim legislation was enacted in an attempt to end the euthanasia of adoptable and treatable animals. It increased the holding period for stray and abandoned dogs, cats, and other specified animals; required the verification of the temperament of feral cats; required the posting of lost and found lists; required the maintenance of records for impounded animals; and required that impounded animals receive necessary and prompt veterinary care.

On January 25, 2001, the COSM determined that Chapter 752/98 established costs mandated by the State according to the provisions listed in the attached P's & G's. For your reference, the P's & G's are included as an integral part of the claiming instructions.

Eligible Claimants

Any city, county, city and county, dependent special district, and joint powers authority comprised of a city, county, and/or city and county that incurs increased costs as a direct result of this mandate, is eligible to claim reimbursement of these costs.

Filing Deadlines

A. Initial Claims

Initial reimbursement claims must be filed within 120 days from the issuance date of claiming instructions. All claims must be filed with the SCO and be delivered or postmarked on or before **September 4, 2002**. Estimated claims for the 2001-02 fiscal year must also be delivered or postmarked on or before **September 4, 2002**. Thereafter, having received payment for an estimated claim, the claimant must file an annual reimbursement claim by January 15 of the following fiscal year. Claims filed after the deadline will be reduced by a late penalty of 10%, not to exceed \$1,000. The claiming period for the reimbursable activities listed in **IV.**, beginning on page 3 of the P's and G's, are as follows:

Claiming Period - January 1, 1999, to June 30, 1999, and fiscal years 1999-00 to 2000-01.

Costs for all initial reimbursement claims must be filed separately according to the fiscal year in which the costs were incurred. However, the initial claims will be considered as one claim for the purpose of computing the late claim penalty. Do not prorate the penalty among fiscal years. If the claims are late, the penalty should be applied to a single fiscal year.

In order for a claim to be considered properly filed, it must include any specific supporting documentation requested in the instructions. **Claims filed more than one year after the deadline will not be accepted.**

B. Estimated Claims

Unless otherwise specified in the claiming instructions, local agencies are not required to provide cost schedules and supporting documents with an estimated claim if the estimated amount does not exceed the previous fiscal year's actual costs by more than 10%. Claimants can simply enter the estimated amount on form FAM-27, line (07). However, if the estimated claim exceeds the previous fiscal year's actual costs by more than 10%, claimants must complete supplemental claim forms to support their estimated costs as specified for the program to explain the reason for the increased costs. If no explanation supporting the higher estimate is provided with the claim, it will automatically be adjusted to 110% of the previous fiscal year's actual costs. Future estimated claims filed with the SCO must be postmarked by January 15 of the fiscal year in which costs will be incurred. Claims filed timely will be paid before late claims.

Minimum Claim Cost

GC Section 17564 provides that no claim shall be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds two hundred dollars (\$200), provided that a county superintendent of schools or county may submit a combined claim on behalf of school districts, direct service districts, or special districts within their county if the combined claim exceeds \$200, even if the individual school district's, direct service district's, or special district's claims do not each exceed \$200. The county superintendent of schools or the county shall determine if the submission of the combined claim is economically feasible and shall be responsible for disbursing the funds to each school, direct service, or special district. These combined claims may be filed only when the county superintendent of schools or the county is the fiscal agent for the districts. A combined claim must show the individual claim costs for each eligible district. All subsequent claims based upon the same mandate shall only be filed in the combined form unless a school district, direct service district, or special district provides to the county superintendent of schools or county and to the SCO, at least 180 days prior to the deadline for filing the claim, a written notice of its intent to file a separate claim.

Reimbursement of Claims

Initial reimbursement claims will only be reimbursed to the extent that expenditures can be supported and, if such information is unavailable, claims will be reduced. In addition, ongoing reimbursement claims must be supported by documentation as evidence of the expenditures. Examples of documentation may include, but are not limited to, employee time records that

identify mandate activities, payroll records, invoices, receipts, contracts, travel expense vouchers, purchase orders, and caseload statistics.

If a documented time study is the basis for claimed time spent in implementing the provisions of **IV. B. 3.** of the P's and G's, attach the time records with the claim. The Controller's Office will review the documented time study for precision and reliability. For information on the Time Study Method, refer to pages 7 and 8 of the P's and G's.

Audit of Costs

All claims submitted to the SCO are reviewed to determine if costs are related to the mandate, are reasonable and not excessive, and the claim was prepared in accordance with the P's & G's adopted by the COSM. If any adjustments are made to a claim, a "Notice of Claim Adjustment," specifying the claim component adjusted, the amount adjusted, and the reason for the adjustment, will be mailed within 30 days after payment of the claim.

On-site audits will be conducted by the SCO as deemed necessary. Accordingly, all documentation to support actual costs claimed must be retained for a period of two years after the end of the calendar year in which the reimbursement claim was filed or amended regardless of the year of costs incurred. When no funds are appropriated for initial claims at the time the claim is filed, supporting documents must be retained for two years from the date of initial payment of the claim. Claim documentation shall be made available to the SCO on request.

Retention of Claiming Instructions

The claiming instructions and forms in this package should be retained permanently in your Mandated Cost Manual for future reference and use in filing claims. These forms should be duplicated to meet your filing requirements. You will be notified of updated forms or changes to claiming instructions as necessary.

For your reference, these and future mandated costs claiming instructions and forms can be found on the Internet at www.sco.ca.gov/ard/local/locreim/index.htm.

Animal Adoption

I. Summary of the Mandate

The test claim legislation was enacted in an attempt to end the euthanasia of adoptable and treatable animals. Generally, the test claim legislation increased the holding period for stray and abandoned dogs, cats, and other specified animals; required the verification of the temperament of feral cats; required the posting of lost and found lists; required the maintenance of records for impounded animals; and required that impounded animals receive “necessary and prompt veterinary care.”

The Commission partially approved this test claim, pursuant to article XIII B, section 6 of the California Constitution and Government Code section 17514, for the *increased costs* in performing the following activities only:

1. Providing care and maintenance during the increased holding period for impounded dogs and cats that are ultimately euthanized. The increased holding period shall be measured by calculating the difference between three days from the day of capture and four business days from the day after impoundment, as specified below in 3 (a) and 3 (b), or six business days from the day after impoundment (Food & Agr. Code, §§ 31108, 31752);
2. Providing care and maintenance for four business days from the day after impoundment, as specified below in 3 (a) and 3 (b), or six business days from the day after impoundment, for impounded rabbits, guinea pigs, hamsters, pot-bellied pigs, birds, lizards, snakes, turtles, or tortoises legally allowed as personal property that are ultimately euthanized (Food & Agr. Code, § 31753);
3. For dogs, cats, and other specified animals held for four business days after the day of impoundment, either:
 - (a) Making the animal available for owner redemption on one weekday evening until at least 7:00 p.m., or one weekend day; or
 - (b) For those local agencies with fewer than three full-time employees or that are not open during all regular weekday business hours, establishing a procedure to enable owners to reclaim their animals by appointment at a

mutually agreeable time when the agency would otherwise be closed (Food & Agr., Code §§ 31108, 31752, and 31753);

4. Verifying whether a cat is feral or tame by using a standardized protocol (Food & Agr. Code, § 31752.5);
5. Posting lost and found lists (Food & Agr. Code, § 32001);
6. Maintaining records on animals that are not medically treated by a veterinarian, but are either taken up, euthanized after the holding period, or impounded (Food & Agr. Code, § 32003); and
7. Providing “necessary and prompt veterinary care” for abandoned animals, other than injured cats and dogs given emergency treatment, that are ultimately euthanized (Civ.Code, §§ 1834 and 1846).

II. Eligible Claimants

Any city, county, city and county, dependent special district, and joint powers authority comprised of a city, county, and/or city and county that incurs increased costs as a result of this reimbursable state mandated program is eligible to claim reimbursement of those costs.

III. Period of Reimbursement

Government Code section 17557, as amended by Statutes of 1998, Chapter 681 (which became effective on September 22, 1998), states that a test claim shall be submitted on or before June 30 following a fiscal year in order to establish eligibility for reimbursement for that fiscal year. On December 22, 1998, the County of Los Angeles filed the test claim for this mandated program, establishing eligibility for reimbursement beginning on or after July 1, 1997.

However, except for the amendments to Food and Agriculture Code sections 31108 and 31752, Statutes of 1998, Chapter 752 became operative and effective on January 1, 1999. Therefore, except for the amendments to Food and Agriculture Code sections 31108 and 31752, the costs incurred for Statutes of 1998, Chapter 752 are eligible for reimbursement on or after January 1, 1999.

Section 21 of Statutes of 1998, Chapter 752 establishes an operative date of July 1, 1999 for the amendments to Food and Agriculture Code section 31108 (holding period for stray dogs) and Food and Agriculture Code sections 31752 (holding period for stray cats). Therefore, costs incurred for Food and Agriculture Code sections 31108 and 31752, as amended by Statutes of 1998, Chapter 752, are eligible for reimbursement on or after July 1, 1999.

Actual costs for one fiscal year shall be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to section 17561, subdivision (d)(1) of the Government Code, all claims for reimbursement of initial years’ costs shall be submitted within 120 days of notification by the State Controller of the issuance of claiming instructions.

If the total costs for a given year do not exceed \$200, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

IV. Reimbursable Activities

For each eligible claimant, all direct and indirect costs of labor, materials, supplies, fixed assets, contracted services, training and travel for the performance of the activities listed below are eligible for reimbursement.

Except as specified in Component (B)(3) and (4), reimbursement claims for the performance of the activities listed below shall be based on actual or estimated costs as provided in Government Code section 17560.

A. One Time Activities

1. Develop policies and procedures to implement the reimbursable activities listed in Section IV (B) of these parameters and guidelines.
2. Train staff on the reimbursable activities listed in Section IV (B) of these parameters and guidelines. (One-time per employee.)
3. Develop or procure computer software for the maintenance of records on animals specified in Section IV (B) (8) of these parameters and guidelines to the extent these costs are not claimed as an indirect cost under Section V (B) of these parameters and guidelines. If the computer software is utilized in some way that is not directly related to the maintenance of records specified in Section IV (B) (8), only the pro rata portion of the activity that is used for compliance with Section IV (B) (8) is reimbursable.

B. Ongoing Activities

1. Acquisition of Additional Space and/or Construction of New Facilities

Beginning January 1, 1999 - Acquiring additional space by purchase or lease and/or construction of new facilities to provide appropriate or adequate shelter necessary to comply with the mandated activities during the increased holding period for impounded stray or abandoned dogs, cats, and other animals specified in Statutes of 1998, Chapter 752 that die during the increased holding period or are ultimately euthanized.

Eligible claimants are only entitled to reimbursement for the proportionate share of actual costs required to plan, design, acquire, and/or build facilities in a given fiscal year based on the pro rata representation of impounded stray or abandoned dogs, cats, and other animals specified in Statutes of 1998, Chapter 752 that are held during the *increased* holding period specified in Sections IV (B) (3) and (4) of these Parameters and Guidelines and die during the increased holding period or are ultimately euthanized, to the total population of animals housed in the facility (including those animals that are excluded from

reimbursement, as specified in Sections IV (B) (3) and (4) of these Parameters and Guidelines) during the entire holding period required by Food and Agriculture Code sections 31108, 31752 and 31753.

Supporting Documentation Submitted with the Initial and Subsequent Reimbursement Claims

Acquiring additional space and/or construction of new facilities is reimbursable only to the extent that an eligible claimant submits, with the initial and/or subsequent reimbursement claim, documentation reflecting the following:

A determination by the governing board that acquiring additional space and/or constructing new facilities is necessary for the increased holding period required by Statutes of 1998, Chapter 752 because the existing facilities do not reasonably accommodate impounded stray or abandoned dogs, cats and other specified animals that are ultimately euthanized. The determination by the governing board shall include all of the following findings:

- The average daily census of impounded stray or abandoned dogs, cats, and other animals specified in Statutes of 1998, Chapter 752 that were impounded in 1998. Average Daily Census is defined as the average number of impounded stray or abandoned dogs, cats, and other animals specified in Statutes of 1998, Chapter 752 housed on any given day, in a 365-day period;
- The average daily census of impounded stray or abandoned dogs, cats, and other animals specified in Statutes of 1998, Chapter 752 that were impounded in a given year under the holding periods required by Food and Agriculture Code sections 31108, 31752, and 31753, as added or amended by Statutes of 1998, Chapter 752;
- Existing facilities are not appropriately configured and/or equipped to comply with the increased holding period required by Statutes of 1998, Chapter 752;
- Remodeling existing facilities is not feasible or is more expensive than acquiring additional space and/or constructing new facilities; and
- Contracting with existing private or public shelters in the area to house the increase of impounded stray or abandoned dogs, cats, or other animals specified in Statutes of 1998, Chapter 752 is not feasible or is more expensive than acquiring additional space and/or constructing new facilities.

Documentation requirements may be satisfied in whole or in part by staff agenda items, staff reports, minutes of governing board

meetings, transcripts of governing board meetings, certification by the governing board describing the findings and determination, and/or a resolution adopted by the governing board pursuant to Food and Agriculture Code section 31755, as added by Statutes of 1999, Chapter 81 (Assembly Bill 1482).

2. Remodeling/Renovating Existing Facilities

Beginning January 1, 1999 - Remodeling/renovating existing facilities to provide appropriate or adequate shelter necessary to comply with the mandated activities during the increased holding period for impounded stray or abandoned dogs, cats, and other animals specified in Statutes of 1998, Chapter 752 that die during the increased holding period or are ultimately euthanized.

Eligible claimants are only entitled to reimbursement for the proportionate share of actual costs required to plan, design, remodel and/or renovate existing facilities in a given fiscal year based on the pro rata representation of impounded stray or abandoned dogs, cats, and other animals specified in Statutes of 1998, Chapter 752 that are held during the *increased* holding period specified in Sections IV (B) (3) and (4) of these Parameters and Guidelines and die during the increased holding period or are ultimately euthanized, to the total population of animals housed in the facility (including those animals that are excluded from reimbursement, as specified in Sections IV (B) (3) and (4) of these Parameters and Guidelines) during the entire holding period required by Food and Agriculture Code sections 31108, 31752 and 31753.

Supporting Documentation Submitted with the Initial and Subsequent Reimbursement Claims

Remodeling/renovating existing facilities is reimbursable only to the extent that an eligible claimant submits, with the initial and/or subsequent reimbursement claim, documentation reflecting the following:

A determination by the governing board or a delegated representative that remodeling/renovating existing facilities is necessary because the existing facilities do not reasonably accommodate impounded stray or abandoned dogs, cats and other specified animals that are ultimately euthanized for the increased holding period required by Statutes of 1998, Chapter 752. The determination by the governing board or delegated representative shall include all of the following findings:

- The average daily census of impounded stray or abandoned dogs, cats, and other animals specified in Statutes of 1998, Chapter 752 that were impounded in 1998. Average Daily Census is defined as the average number of impounded stray or

abandoned dogs, cats, and other animals specified in Statutes of 1998, Chapter 752 housed on any given day, in a 365-day period;

- The average daily census of impounded stray or abandoned dogs, cats, and other animals specified in Statutes of 1998, Chapter 752 in a given year under the holding periods required by Food and Agriculture Code sections 31108, 31752, and 31753, as added or amended by Statutes of 1998, Chapter 752;
- Existing facilities are not appropriately configured and/or equipped to comply with the increased holding period required by Statutes of 1998, Chapter 752;
- Contracting with existing private or public shelters in the area to house the increase of impounded stray or abandoned dogs, cats, or other animals specified in Statutes of 1998, Chapter 752 is not feasible or is more expensive than remodeling/renovating existing facilities.

Documentation requirements may be satisfied in whole or in part by staff agenda items, staff reports, minutes of governing board meetings, transcripts of governing board meetings, certification by the governing board or declaration from the delegated representative describing the findings and determination, and/or a resolution adopted by the governing board pursuant to Food and Agriculture Code section 31755, as added by Statutes of 1999, Chapter 81 (Assembly Bill 1482).

3. Care and Maintenance for Impounded Stray or Abandoned Dogs and Cats that Die During the Increased Holding Period or are Ultimately Euthanized (Food & Agr. Code, §§ 31108, 31752)

Beginning July 1, 1999 - Providing care and maintenance during the increased holding period for impounded stray or abandoned dogs and cats that die during the increased holding period or are ultimately euthanized. The increased holding period shall be measured by calculating the difference between three days from the day of capture, and four or six business days from the day after impoundment.

Exclusions

Eligible claimants are *not* entitled to reimbursement for the care and maintenance of the following population of dogs and cats:

- a. Stray or abandoned dogs and cats that are irremediably suffering from a serious illness or severe injury (Food & Agr. Code, § 17006);
- b. Newborn stray or abandoned dogs and cats that need maternal care and have been impounded without their mothers (Food & Agr. Code, § 17006);

- c. Stray or abandoned dogs and cats too severely injured to move or where a veterinarian is not available and it would be more humane to dispose of the animal (Pen. Code, §§ 597.1, subd. (e), 597f, subd. (d));
- d. Owner relinquished dogs and cats; and
- e. Stray or abandoned dogs and cats that are ultimately redeemed, adopted, or released to a nonprofit animal rescue or adoption organization.

Methods for Claiming Costs

Eligible claimants may elect one of following two methods to claim costs for the care and maintenance of impounded stray or abandoned dogs and cats that die during the increased holding period or are ultimately euthanized:

- Actual Cost Method – Under the actual cost method, actual reimbursable care and maintenance costs per animal per day are computed for an annual claim period.
 - a) Determine the total annual cost of care and maintenance for all dogs and cats impounded at a facility. Total cost of care and maintenance includes labor, materials, supplies, indirect costs, and contract services.
 - b) Determine the average daily census of dogs and cats.
 - c) Multiply the average daily census of dogs and cats by 365 = yearly census of dogs and cats.
 - d) Divide the total annual cost of care by the yearly census of dogs and cats = cost per animal per day.
 - e) Multiply the cost per animal per day, by the number of impounded stray or abandoned dogs and cats that die during the increased holding period or are ultimately euthanized, by each reimbursable day (the difference between three days from the day of capture, and four or six business days from the day after impoundment).
- Time Study Method – Under the time study method, a random sample of impounded stray or abandoned dogs and cats are observed to determine the amount of time to provide care and maintenance during a reimbursable day.

The time study shall be developed using one representative month each quarter and be supported with actual source documentation. Time studies shall be conducted on a more frequent basis if there are significant variations of time expended from month to month. The time study shall identify hours devoted to each specific category. If the time study

supports a fixed-cost approach such as an animal day (i.e., dog-day, cat-day, etc.), the eligible claimant shall document the analysis supporting the method used.

Time records used to support the time study shall:

- i. Reflect an after-the-fact distribution of each employee's actual activity;
 - ii. Account for the total activity for which each employee is compensated;
 - iii. Account for the total labor hours of the month;
 - iv. Be signed and dated by the employee not later than the end of the pay period that follows the pay period covered by the report; and
 - v. Document, by signature or initials and date, supervisor approval.
4. Care and Maintenance for Impounded Stray or Abandoned Animals Specified in Food and Agriculture Code Section 31753 that Die During the Increased Holding Period or are Ultimately Euthanized (Food & Agr. Code, § 31753)

Beginning January 1, 1999 - Providing care and maintenance for four or six business days from the day after impoundment for impounded stray or abandoned rabbits, guinea pigs, hamsters, pot-bellied pigs, birds, lizards, snakes, turtles, and tortoises legally allowed as personal property that die during the increased holding period or are ultimately euthanized.

- c. Stray or abandoned animals too severely injured to move or where a veterinarian is not available and it would be more humane to dispose of the animal (Pen. Code, §§ 597.1, subd. (e), 597f, subd. (d));
- d. Owner relinquished animals; and

- e. Stray or abandoned animals that are ultimately redeemed, adopted, or released to a nonprofit animal rescue or adoption organization.

Eligible claimants may elect one of following two methods to claim costs for the care and maintenance of impounded stray or abandoned animals specified in Food and Agriculture Code section 31753 that die during the increased holding period or are ultimately euthanized:

 - d) Divide the total annual cost of care by the yearly census of animals specified in Food and Agriculture Code section 31753 = cost per animal per day.
 - e) Multiply the cost per animal per day, by the number of impounded stray or abandoned animals specified in Food and Agriculture Code section 31753 that die during the increased holding period or are ultimately euthanized, by each reimbursable day (four or six business days from the day after impoundment).

5. Agencies Using the Holding Period of Four Business Days After the Day of Impoundment (Food & Agr. Code, §§ 31108, 31752, 31753)

Beginning January 1, 1999 - For impounded animals specified in Food and Agriculture Code section 31753, either:

- Making the animal available for owner redemption on one weekday evening until at least 7:00 p.m., or one weekend day; or
- For those local agencies with fewer than three full-time employees or that are not open during all regular weekday business hours, establishing a procedure to enable owners to reclaim their animals by appointment at a mutually agreeable time when the agency would otherwise be closed.

Beginning July 1, 1999 - For impounded dogs and cats, either:

- Making the animal available for owner redemption on one weekday evening until at least 7:00 p.m., or one weekend day; or
- For those local agencies with fewer than three full-time employees or that are not open during all regular weekday business hours, establishing a procedure to enable owners to reclaim their animals by appointment at a mutually agreeable time when the agency would otherwise be closed.

6. Feral Cats (Food & Agr. Code, § 31752.5)

Beginning January 1, 1999 - Verifying whether a cat is feral or tame by using a standardized protocol within the first three days of the required holding period if an apparently feral cat has not been reclaimed by its owner or caretaker.

7. Lost and Found Lists (Food & Agr. Code, § 32001)

Beginning January 1, 1999 - Providing owners of lost animals and those who find lost animals with all of the following:

- The telephone numbers and addresses of other pounds and shelters in the same vicinity;
- Advice as to means of publishing and disseminating information regarding lost animals; and

8. Maintaining *Non-Medical* Records (Food & Agr. Code, § 32003)

Beginning January 1, 1999 - Maintaining non-medical records on animals that are either taken up, euthanized after the holding period, or impounded. Such records shall include the following:

- The circumstances under which the animal is taken up, euthanized, or impounded;
- The names of the personnel who took up, euthanized, or impounded the animal; and
- The final disposition of the animal, including the name of the person who euthanized the animal or the name and address of the adopting party.

The cost of software license renewal contracts, to the extent these costs are not claimed as an indirect cost under these parameters and guidelines, is eligible for reimbursement under Section V (A) (2) of these parameters and guidelines. If the computer software is utilized in some way that is not directly related to the maintenance of records specified in this section, only the pro rata portion of the software license renewal contract that is used for compliance with this section is reimbursable.

9. “Necessary and Prompt Veterinary Care” (Civ. Code, §§ 1834 and 1846)

Beginning January 1, 1999 - Providing “necessary and prompt veterinary care” for stray and abandoned animals, other than injured cats and dogs given emergency treatment, that die during the holding

period or are ultimately euthanized, during the holding periods specified in Statutes of 1998, Chapter 752.

“Necessary and prompt veterinary care” means all reasonably necessary medical procedures performed by a veterinarian or someone under the supervision of a veterinarian to make stray or abandoned animals “adoptable.” The following veterinary procedures, if conducted, are eligible for reimbursement:

- An initial physical examination of the animal to determine the animal’s baseline health status and classification as “adoptable,” “treatable,” or “non-rehabilitatable.”
- A wellness vaccine administered to “treatable” or “adoptable” animals.
- Veterinary care to stabilize and/or relieve the suffering of a “treatable” animal.
- Veterinary care intended to remedy any applicable disease, injury, or congenital or hereditary condition that adversely affects the health of a “treatable” animal or that is likely to adversely affect the animal’s health in the future, until the animal becomes “adoptable.”

Population Exclusions

Eligible claimants are *not* entitled to reimbursement for providing “necessary and prompt veterinary care” to the following population of animals:

- a. Animals that are irremediably suffering from a serious illness or severe injury (Food & Agr. Code, § 17006);
- b. Newborn animals that need maternal care and have been impounded without their mothers (Food & Agr. Code, § 17006);
- c. Animals too severely injured to move or where a veterinarian is not available and it would be more humane to dispose of the animal. (Pen. Code, §§ 597.1, subd. (e), 597f, subd. (d));
- d. Owner relinquished animals; and
- e. Stray or abandoned animals that are ultimately redeemed, adopted, or released to a nonprofit animal rescue or adoption organization.

Veterinary Care Exclusions

Eligible claimants are *not* entitled to reimbursement for providing the following veterinary procedures:

- Emergency treatment given to injured cats and dogs (Pen. Code, § 597f, subd. (b));

- Administration of rabies vaccination to dogs (Health & Saf. Code, § 121690);
- Implantation of microchip identification;
- Spay or neuter surgery and treatment;
- Euthanasia.

10. Beginning January 1, 1999 - Procuring medical, kennel, and computer equipment necessary to comply with the reimbursable activities listed in Section IV (B) of these parameters and guidelines, to the extent these costs are not claimed as an indirect cost under Section V (B) of these parameters and guidelines. If the medical, kennel, and computer equipment is utilized in some way not directly related to the mandated program or the population of animals listed in Section IV (B), only the pro rata portion of the activity that is used for the purposes of the mandated program is reimbursable.

V. Claim Preparation and Submission

Each claim for reimbursement must be timely filed and identify each cost element for which reimbursement is claimed under this mandate. Claimed costs must be identified to each reimbursable activity identified in Section IV. of these Parameters and Guidelines.

A. Direct Costs

Direct costs are defined as costs that can be traced to specific goods, services, programs, activities, or functions and shall be supported by the following cost element information:

1. Salaries and Benefits

Identify the employee(s), and/or show the classification of the employee(s) involved. Describe the reimbursable activities performed, specify the actual time devoted to each activity by each employee, and the productive hourly rate, and related fringe benefits.

Reimbursement for personnel services includes compensation paid for salaries, wages, and employee fringe benefits. Employee fringe benefits include regular compensation paid to an employee during periods of authorized absences (e.g., annual leave, sick leave) and the employer's contributions to social security, pension plans, insurance, and worker's compensation insurance. Fringe benefits are eligible for reimbursement when distributed equitably to all job activities performed by the employee.

2. Materials and Supplies

Only expenditures that can be identified as direct costs of this mandate may be claimed. List the cost of the materials and supplies consumed specifically for the purposes of this mandate. Purchases

shall be claimed at the actual price after deducting cash discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged based on a recognized method of costing, consistently applied.

3. Contract Services

Provide the name(s) of the contractor(s) who performed the services, including any fixed contracts for services. Describe the reimbursable activity(ies) performed by each named contractor and give the number of actual hours spent on the activities, if applicable. Show the inclusive dates when services were performed and itemize all costs for those services. Attach consultant invoices to the claim.

4. Travel

Travel expenses for mileage, per diem, lodging, and other employee entitlements are eligible for reimbursement in accordance with the rules of the local jurisdiction. Provide the name(s) of traveler(s), purpose of travel, inclusive dates and times of travel, destination point(s), and travel costs.

5. Training

The cost of training an employee to perform the mandated activities, as specified in Section IV (A) of these Parameters and Guidelines, is eligible for reimbursement. Identify the employee(s) by name and job classification. Provide the title and subject of the training session, the date(s) attended, and the location. Reimbursable costs may include salaries and benefits, registration fees, transportation, lodging, and per diem.

6. Fixed Assets

List the costs of the fixed assets that have been acquired specifically for the purpose of this mandate. If the fixed asset is utilized in some way not directly related to the mandated program, only the pro-rata portion of the asset that is used for the purposes of the mandated program is reimbursable.

B. Indirect Costs

Compensation for indirect costs is eligible for reimbursement. Indirect costs are those that have been incurred for common or joint purposes. These costs benefit more than one cost objective and cannot be readily identified with a particular final cost objective without effort disproportionate to the results achieved. After direct costs have been determined and assigned to other activities, as appropriate, indirect costs are those remaining to be allocated to benefited cost objectives. A cost may not be allocated as an indirect cost if any other cost incurred for the same purpose, in like circumstances, has been claimed as a direct cost.

Indirect costs include (a) the indirect costs originating in each department or agency of the governmental unit carrying out state mandated programs and (b) the costs of central governmental services distributed through the central service cost allocation plan and not otherwise treated as direct costs.

Claimants have the option of using 10% of direct labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) pursuant to the Office of Management and Budget (OMB) Circular A-87.

VI. Supporting Data

For auditing purposes, all costs claimed shall be traceable to source documents (e.g., employee time records, cost allocation reports, invoices, receipts, purchase orders, contracts, worksheets, calendars, declarations, time studies, etc.) that show evidence of the validity of such costs and their relationship to this mandate. All documentation in support of claimed costs shall be made available to the State Controller's Office, as may be requested. Pursuant to Government Code section 17558.5, these documents must be kept on file by the agency submitting the claim for a period of no less than two years after the later of (1) the end of the calendar year in which the reimbursement claim is filed or last amended, or (2) if no funds are appropriated for the fiscal year for which the claim is made, the date of initial payment of the claim.

VII. Offsetting Savings and Other Reimbursements

Any offsetting savings that the claimant experiences as a direct result of this mandate must be deducted from the costs claimed. Additionally, reimbursement for this mandate received from any source shall be identified and deducted from this claim. These sources shall include, but not be limited to, rewards received under the authority of Civil Code section 1845; licensing fees and fines received and applied pursuant to Food and Agriculture Code section 30652, Government Code section 28502, and Penal Code section 597f; other state funds, and federal funds. The fees and fines received pursuant to Food and Agriculture Code section 30652 shall be deducted from the claim according to the priority specified in the statute and stated below:

- First, to pay fees for the issuance of dog license tags pursuant to Food and Agriculture Code section 30652, subdivision (a);
- Second, in accordance with Food and Agriculture Code section 30652, subdivision (b), any excess revenue held after the payment of dog license tags shall be applied to the fees, salaries, costs, expenses, or any or all of them for the enforcement of Division 14 of the Food and Agriculture Code, including Food and Agriculture Code section 31108, and all ordinances that are made pursuant to Division 14. Costs incurred under Food and Agriculture Code section 31108 are specified in Section IV (B) (1), (2), (3), and (5), and Section IV (A) of these parameters and guidelines. Any or all excess revenue must be applied to the costs incurred under Food and Agriculture Code section

31108 before any revenue can be applied to subdivisions (c) and (d) of Food and Agriculture Code section 30652.

VIII. State Controller's Office Required Certification

An authorized representative of the claimant shall be required to provide a certification of the claim, as specified in the State Controller's Office claiming instructions, for those costs mandated by the state contained herein.

IX. Parameters and Guidelines Amendments

Pursuant to title 2, California Code of Regulations, section 1183.2, Parameters and Guidelines amendments filed before the deadline for initial claims as specified in the Claiming Instructions shall apply to all years eligible for reimbursement as defined in the original Parameters and Guidelines. A Parameters and Guidelines amendment filed after the initial claiming deadline must be submitted on or before January 15, following a fiscal year in order to establish eligibility for reimbursement for the fiscal year.

------------------------------	---	----------------------------

- (01) Enter the name of the claimant.
- (02) Type of Claim. Check a box, Reimbursement or Estimated, to identify the type of claim being filed. Enter the fiscal year of costs.
- Form AA-1 must be filed for a reimbursement claim. Do not complete form AA-1 if you are filing an estimated claim and the estimate does not exceed the previous fiscal year's actual costs by more than 10%. Simply enter the amount of the estimated claim on form FAM-27, line (07). However, if the estimated claim exceeds the previous fiscal year's actual costs by more than 10%, form AA-1 must be completed and a statement attached explaining the increased costs. Without this information the high estimated claim will automatically be reduced to 110% of the previous fiscal year's actual costs.
- (03) Department. If more than one department has incurred costs for this mandate, give the name of each department. A separate form AA-1 should be completed for each department.
- (04) Reimbursable Components. For each reimbursable component, enter the total from form AA-2, line (05), columns (d) through (i) to form AA-1, block (05), columns (a) through (f) in the appropriate row. Total each row.
- (05) Total Direct Costs. Total columns (a) through (g).
- (06) Indirect Cost Rate. Indirect costs may be computed as 10% of direct labor costs, excluding fringe benefits, without preparing an ICRP. If an indirect cost rate of greater than 10% is used, include the Indirect Cost Rate Proposal (ICRP) with the claim.
- (07) Total Indirect Costs. If the 10% flat rate is used for indirect costs, multiply Total Salaries, line (05)(a), by the Indirect Cost Rate, line (06). If an ICRP is submitted and both salaries and benefits were used in the distribution base for the computation of the indirect cost rate, then multiply the sum of Total Salaries, line (05)(a), and Total Benefits, line (05)(b), by the Indirect Cost Rate, line (06). If more than one department is reporting costs, each must have its own ICRP for the program.
- (08) Total Direct and Indirect Costs. Enter the sum of Total Direct Costs, line (05)(g), and Total Indirect Costs, line (07).
- (09) Less: Offsetting Savings. If applicable, enter the total savings experienced by the claimant as a direct result of this mandate. Submit a detailed schedule of savings with the claim.
- (10) Less: Other Reimbursements. Reimbursement received from any source shall be identified and deducted from this claim. Sources shall include, but are not limited to, rewards received under authority of Civil Code § 1845, licensing fees and fines received and applied pursuant to Food and Agriculture Code Section (F & AC §) 30652, Government Code Section 28502, and Penal Code Section 597f, and other state funds, and federal funds. Fees and fines received pursuant to F & AC § 30652 shall be deducted according to the priority specified on page 15 of the P's and G's.
- (11) Total Claimed Amount. From Total Direct and Indirect Costs, line (08), subtract the sum of Offsetting Savings, line (09), and Other Reimbursements, line (10). Enter the remainder on this line and carry the amount forward to form FAM-27, line (07) for the Estimated Claim or line (13) for the Reimbursement Claim.
